TREASURER, AUDITORS.**

## COMMISSIONERS' REPORT

---

To the Citizens of Hillsborough County:

The Board of Commissioners herein submit an account of their stewardship as your servants for the year ending December 31, 1926. We trust that the faithful performance of our duties will meet your approval.

The property of the County is in good condition and well kept. The general health at the several institutions is normal. No epidemic has raged during the year.

The general industrial conditions of the County have been downward, this necessitating greater demands for aid from the County than ever before in the history of this County.

As spoken of in our last report the Court House at Nashua required repairs which have been completed the past year. The Court House at Manchester needs painting and we recommend a fund for this purpose.

The County Farm is under the faithful supervision of Brainard P. Newton as Superintendent, Mrs. Newton as Matron and John L. Wentworth, Assistant Superintendent. The institution has had a large number of patients during all of the year. Many repairs have been made in and about the buildings.

The Hospital has served a greater number of citizens of the County than ever before, and better by reason of equipment and continued services of Miss Addie Moore as Superintendent, Mrs. Corey as Assistant and the able corps of Nurses in charge of George E. Fiske, M. D., assisted by a most efficient staff of thirty-eight of the leading physicians and surgeons of the County. To these physicians every citizen of the County is indebted for making it possible for the needy to have the best that can be given by the profession.

The Jail continues to be under the watchful eye of Sheriff John T. O'Dowd and Mrs. O'Dowd, who are too well known to receive words of praise.

As authorized by the last legislature, to purchase land of the Boston & Maine Railroad as occupied by buildings at the farm, we are pleased to report our purchase of all the land aside the tracks which adjoined the farm.

We cordially invite all persons interested in public affairs to visit the institution at Grasmere, and learn of the splendid opportunities furnished there.

We extend our sincere thanks to the Selectmen, Overseers of Poor, State Officials, and all others who have assisted us in our duties.

Respectfully submitted,

ALBERT T. BARR,  
JAMES M. GEORGE,  
JAMES E. COLBURN,  
County Commissioners.

### **AUDITORS' REPORT**

---

The undersigned, auditors for said county, report that they have examined the accounts and vouchers of the County Commissioners and Treasurer, as required by law, and find the accounts correct and well vouched. We are of the opinion that the sums charged therein for articles purchased are according to the market value, and said articles have been used for the benefit of the County.

CHARLES A. PERKINS,  
FRANK TUCKER,

Auditors.

## SUPERINTENDENT'S REPORT

---

To the Honorable Board of Commissioners for the County  
of Hillsborough :

Gentlemen :

I wish to submit the following report for the year 1926.

The Institution as a whole is in a good flourishing condition. The new ward known as the "Incurable Ward" has proven a success and has been well filled most of the time.

The Heating System throughout the Institution has been greatly improved by way of eliminating the old Hot Air System and installing direct steam heat. By so doing we have been able to keep the wards and dormitories well heated all of the time without any noticeable over load on the boilers.

The hogs have been innoculated for the prevention of Cholera. The herd of cows and stock have been Tubercular Tested and found clean.

Our crops were better than expected considering the unusual dry season. We had an abundance of early vegetables and garden produce, but the dry weather hurt our later crops. We have three acres sowed in alfalfa and if we had tillable land enough, I would recommend sowing more. Anyway I suggest sowing two acres more this year.

We have very nearly supplied the institution with milk from our own herd the past year. There is not enough room to accommodate a herd large enough to supply a sufficient amount of milk. At present some of the young stock are tied in the basement. The main tie-up will hold about thirty head by crowding. This is a very poor practice as our cows are large and quite often injuries occur for this reason. I recommend a new barn for cows only, of cement construction, with modern equipment inside.

There has been no epidemic or severe sickness among the

children or inmates. The children have been vaccinated and also inoculated against diphtheria. There are seven children attending schools in Goffstown. Six children have been adopted during the past year.

Through the thoughtfulness of several organizations, namely the W. C. T. U., the Grammar School of New Boston, the Fireside Forum of the Franklin Street Congregational Church, Mrs. Hamblett of Manchester, and the Choir of the Baptist Church of Grasmere, the inmates have been entertained and have received many gifts, all of which have helped to make Life's burden lighter and more pleasant.

A survey of the fire apparatus has been made throughout the institution and additional extinguishers added where necessary.

Both Mrs. Newton and myself have enjoyed the work. It has been our aim to work for the interest of the institution and to provide happiness and comfort for the inmates so far as we were able to do so. We have been supported by a loyal corps of officers who have been genial and always ready to help keep the morale of the institution at its usual high standard. I wish to thank the officers for their good work during the past year.

I also wish to thank the Doctors, Chaplains and all societies who have been instrumental in helping in some way to aid in the work of the institution.

To you, Honorable Board of Commissioners, I wish to extend my hearty thanks for your ever timely advice and co-operation.

Respectfully submitted,

BRAINARD P. NEWTON,  
Superintendent.

Daily average since January 1, 1926	45
Largest number in any one day	87
Smallest number in any one day	24

Respectfully submitted,

JOHN T. O'DOWD, Jailer.

## CHAPLAINS' REPORT

---

To the Honorable Commissioners of Hillsborough County:  
Gentlemen:

Recently appointed to take charge of the members of my faith in your County Institution, I have, for the last three months, visited nearly every day one or the other of the different departments. I wish to say in all sincerity, that, rarely in my experience, have I found such unfailing courtesy and cheerful co-operation among the officials from the Superintendent to the last attendant. More than once, at the cost of extra labor or inconvenience to themselves, they have helped me in the discharge of my duties. I am only too glad to seize this opportunity and to give them a public testimony of my appreciation; to be just, I would have to name them all, but I feel that this fine spirit of true public service is chiefly due to those who, in the Superintendent or the Matron's offices, know how to inspire it all through the various departments.

To work under such circumstances is, for a chaplain, a pleasure rather than a duty.

Kindly accept, Gentlemen, the assurance of my respect and of my cordial sentiments.

EDMOND M. TOTAL,  
R. C. Chaplain

December 18, 1926.

---

To the Honorable Board of Commissioners of Hillsborough County:

Gentlemen:

As my term as Chaplain dates only from the first of November, my report must be correspondingly short. This

is my second experience as chaplain of a county farm, having served two and a half years at Rockingham.

I have conducted services the second and fourth Sundays of each month, which services have been well attended by a very attentive congregation.

I wish to express my appreciation of the very valuable services of Mr. and Mrs. Newton in rendering vocal and instrumental music at our Sunday P. M. services.

In the past year I have visited several institutions and hospitals, but have never seen better arrangements and sanitary equipments for the comfort of the inmates.

Respectfully submitted,

G. H. NICKERSON.

## HILSBOROUGH COUNTY GENERAL HOSPITAL

---

*To the Honorable Board of County Commissioners:*

The following is a brief report of the Hillsborough County General Training-School for the year ending December 31, 1926:

Number of nurses graduated	4
Number of probationers entered training	9
Number of pupil nurses in training	19
Number of probationers retained	7

To the members of the hospital staff who have given lectures and helped the training-school in various ways, the commissioners, the officers and the pupil nurses for their aid, I wish to extend my thanks.

Respectfully submitted,

ADDIE M. MOORE, R. N.

## REPORT OF THE COUNTY PHYSICIANS

---

*To the Honorable Board of Commissioners for Hillsborough County:*

*Gentlemen:*

I herewith submit a report for the year ending January 1, 1927.

There has been a steady improvement in the work done by the staff during the past year. The co-operation in the organization has been closer. There have been fewer deaths in the past year than in the previous. The records have been carefully kept and reviewed to ascertain if improved treatment could be had.

The Staff has held ten meetings in the past year, all of which were largely attended. County Commissioners, Hospital Staff and Officers from the County Farm have been present at these meetings and distinguished visitors.

At the monthly Staff Meetings the first consideration is given to improvements of condition of the Institution as well as to discussions as to the best and latest methods of treating diseases. There have been representatives attendant upon all of the large Medical Conventions in the past year, who have reported the most recent and accepted methods of treating diseases at these conventions.

The technical work in the Hospital has been greatly improved in the past year. The Bacteriological and Pathological department has noticeably improved under the management of Dr. Minnegan. Our record department is efficiently working. The recognition of the Institution by the American College of Surgeons in their standardization program was accomplished in the past year. A record of no small degree, and one of which we are justly proud.

The specialists on the Staff have given undivided attention and most excellent care to the patients falling under their jurisdiction. The convalescing ward has met the re-

quirements of care in the class of patients that is given entire satisfaction to the management as well as the patrons of this department.

The Physicians, Doctor Scribner and Doctor Swett, have devoted an unusual amount of time and their work has been untiring and painstaking to relieve the sufferings of the patients in the Institution.

There have been 527 patients admitted during the past year. There were 521 patients discharged in the same time. The smallest number of patients in the Institution at the same time was 61, while the largest number amounted to 98.

There was 29,697 days of board furnished to the patients in the Institution. There were 83 patients carried over from January 1, 1926, and on January 1, 1927 there were 77 patients in the hospital. We had an average of 81.36 patients each day for the year.

In behalf of the Staff I wish to thank the County Commissioners for the hearty support of the program in the past year. I recognize the efficiency of the superintendent of the Hospital with her assistants and take occasion to thank her for the co-operation.

The Staff has my hearty thanks for their hearty co-operation for carrying out the program inaugurated.

The Training School has developed a group of young ladies who will reflect greatly upon the Institution as well as themselves in the future.

GEORGE V. FISKE, M. D.,  
*Supervisor.*
